

# Carbon Reduction Plan

<b>Supplier</b>	Shaping Cloud Ltd
<b>Publication date</b>	29/04/2022

## 1. Introduction

---

This document is provided on behalf of Shaping Cloud Ltd (Shaping Cloud / the Company) for the purpose of setting out the Company's plan to reduce carbon emissions as a part of its overall commitment to Sustainability, which is set out in its Business Plans and annual Social Value statement.

## 2. Commitment to achieving Net Zero

---

Shaping Cloud is committed to achieving Net Zero emissions by 2030, twenty years ahead of the UK Governments requirement of UK businesses as published in September 2021.

## 3. Baseline Emissions Footprint

---

Since Shaping Cloud is a private limited company and an SME, it is not obligated to report its emissions under the Streamlined Energy and Carbon Reporting (SECR) regulations and, as such, has not previously reported emissions.

## 4. Current Emissions Reporting

---

Shaping Cloud is not currently reporting emissions but has plans to do so for the FY 2022 and for subsequent years, as part of its support and contribution towards the UK's zero carbon commitment.

## 5. Emission Reduction Targets

---

Committed to working towards Net Zero, Shaping Cloud anticipates it will have completed its Net Zero plan by December 2030.

Shaping Cloud currently has:

- Zero Scope 1 emissions as defined using the [GHG Protocol Corporate Standard](#)
- Zero Scope 2 emissions as defined using the [GHG Protocol Corporate Standard](#)

Shaping Cloud is currently measuring its Scope 3 emissions as defined using the [GHG Protocol Corporate Standard](#), and plans to report on this from FY 2022 onwards.

Shaping Cloud is already committed to reducing Scope 3 emissions down to net zero by 2030.

## 6. Completed Carbon Reduction Initiatives

---

Shaping Cloud runs an ISO 14001 compliant EMS (Environmental Management System).

Shaping Cloud has zero Scope 1 and Scope 2 emissions and is committed to maintaining that.

Shaping Cloud promotes reduced emissions with its workforce and supply chain and has policies to minimise Scope 3 emissions.

## 7. Declaration & Sign-Off

---

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard and uses the appropriate Government emission conversion factors for greenhouse gas company reporting.

Scope 1 and Scope 2 emissions are net zero and though the Company is not required to report in accordance with SECR requirements, the Company plans to report these from FY 2022 onwards in support of the UK's carbon reduction goals. With this report, the required subset of Scope 3 emissions will be reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).

**Signed on behalf of Shaping Cloud Ltd**

Helen Gerling
